MEMO:

12/4/2014

Please be advised that because of an outside software vendor system error the report filed today by Andy Tobin for U.S. Congress ID C00550012 has an incorrect election date. It reflects an election date of November 2010 and it should be November 4, 2014. The FEC File filing validator will not allow us to file a new report or an amended report. The committee has place calls to the FEC Filing office and our Reports Analyst to get the correct report filed. We are working with the FEC Filing Office to get this issue resolved. We will get an amended Post General Report filed as soon as possible.
